Fonts

List of all fonts used in publication.

Include all fonts used on disk. (We may not have the font you have used).

Pictures/Line art

Include all pictures separately in own folder

Acceptable formats are TIFF's, EPS's, JPEG's and BMP's.

Line art must be scanned at 1200 dpi,

Pictures must be scanned at 400 dpi at a minimum, 600 dpi for optimum quality.

Pictures and line art must be scanned at the approximate size you want printed.

Pictures taken from the World Wide Web are not acceptable for the printing process.

They are normally smaller than indicated and at 72 dpi. Pictures can not be changed

from 72 dpi to a higher resolution or they will come out distorted.
